NEVADA GAMING CONTROL BOARD

Thursday, April 18, 1957

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, by Chairman R. E. Cahill, with the following members present:

R. E. Cahill, Chairman
William V. Sinnott, Member
William G. Gallagher, Member

Also present were Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

PEQUOPS CAFE & BAR (WILLIAM H. SUPP) - WELLS

Mr. William H. Supp, accompanied by his attorney, Robert Vaughan, appeared before the Board in behalf of his application for a license at the Pequops Cafe & Bar, Wells. Also appearing was Mr. Kenneth Sharp, Mr. Supp's proposed casino manager. Discussion was had concerning Mr. Supp's proposed operation and especially concerning employees he intended to hire. The Commission's past experience with gaming in Wells was pointed out to Mr. Supp as well as his responsibility as a licensee. Mr. Sharp was questioned about his gaming background and was also told of his responsibility in running the games. It was pointed out that there was an existing license at the Pequops Hotel at the time the number of licenses was frozen in Wells, and that the granting of this license now would not increase the number of gaming licenses there beyond what has been decided as a desirable number. A motion was later made, seconded, and carried that the license be recommended for approval.

The following action was taken on applications:

BEATTY CLUB (RAY MAY AND MAE MAY) - BEATTY

Mr. Sinnott read the following report into the record concerning the Beatty Club:

"Briefly, the story is this. On the night of March 25, an agent for the Gaming Control Board entered this club on a routine card pick-up and inspection. He took from a dealer a deck of cards, sealed them in an initialed envelope in the usual manner without inspection, left the premises, proceeding to Las Vegas.

The following morning the dealer appeared at the Carson office of the Board and recited that the cards picked up from him had been tampered with by bending the high cards. (A teletype to our Las Vegas office confirmed this.)

The dealer explained the presence of the cards by saying a crossroader had played the night before and the dealer had pulled the deck in question and another deck which he placed in a drawer. He forgot to remove them and on the night in question picked up one of the decks and started dealing to his wife, who was shilling. The decks were never in play and no money changed hands.

The licensees, Ray and Mae May, were served with a show cause order for appearance April 16. They were cited for:

Operating a cheating game
 Having in possession a deck of cards tampered with in such a manner as to
 enable them to be used for cheating
 And conducting the business by unsuitable method of operation

Testimony was taken from the Board agent, the dealer, and the licensees, who were represented by John Squire Drendel, of Reno. The licensees denied knowledge of the bent cards, but did claim knowledge of the crossroader's presence on the night of the 24th. Neither licensee is familiar with the gaming business."

After discussion of the case, the Board found that the evidence did not show that the licensees operated a cheating game, but did have in their possession a deck of tampered-with cards. The Board noted that the type of bend used is more common to outside cheating than inside cheating. The Board found that the games were conducted by unsuitable method of operation.

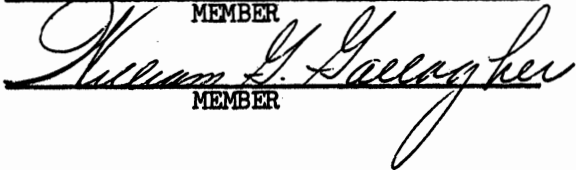

Mr. Sinnott made a motion, which was seconded and carried, that the Board recommend to the Commission that the licensees can be held to be responsible for having in their possession a deck of cards tampered with in such a manner as to enable them to be used for cheating and thereby conducted the business by unsuitable method of operation; and that the gaming license of the Beatty Club be suspended for thirty (30) days commencing from March 28, 1957, the date on which the games were voluntarily closed.

RIVER VALLEY RESORT - DAVIS DAM

Mr. Gallagher brought up for clarification the application for a slot machine license at the River Valley Resort, along the Colorado River. After discussion, a motion was made and passed to defer action on the application pending determination of the attitude of local authorities.

There being no further business, the meeting adjourned at twelve noon, subject to the call of the chair.

MINUTES OF

NEVADA GAMING CONTROL BOARD

Thursday, May 23, 1957

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, by Chairman R. E. Cahill, with the following members present:

R. E. Cahill, Chairman
 William V. Sinnott, Member
 William G. Gallagher, Member

Also present were Mr. E. Frandsen Loomis, Commission Attorney, Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

LAKE TAHOE MONTE CARLO, INC. (GEORGE M. ABDO, THOMAS J. ABDO, AND RICHARD J. MILLER) - LAKE TAHOE

Messrs. George M. Abdo, Thomas J. Abdo, and Richard J. Miller, accompanied by their attorney, Mr. Bert Goldwater, appeared in behalf of their application for a license at Lake Tahoe Monte Carlo.

There was considerable discussion concerning the proposed financing for the club and sources of loans. There was also discussion concerning any interest, financial or otherwise, which Mr. David Miller, father of Mr. Richard Miller, might have in the club. When Board members expressed concern over the ability of the corporation to meet its financial obligations, especially in July, the applicants were permitted time for further conference on the matter. Later plans were presented to the Board for further financing. Mr. Miller reiterated that his father, David, would have no interest, financial or otherwise, in the gambling operation. He stated that it was planned, however, that his father would supervise the restaurant operation.

Following further discussion, it was moved by Mr. Sinnott and passed that the license be recommended for approval subject to the terms and financial conditions present in the record as put forth by the applicants; and that David Miller have no interest, direct or indirect, whether financial, administrative, policymaking, or supervisory, in or about the premises; and that their license not be issued until the financial requirements have been met.

A verbatim report of the hearing is available in the office of the Gaming Control Board.

TRAIL "40" CAFE & BAR (OTTO L. CARD AND EVERETT E. SMOOT) - WELLS

Messrs. Otto L. Card and Everett E. Smoot, applicants for a license at Trail "40" Cafe & Bar, accompanied by their attorney, Jack E. Hull, appeared before the Board in behalf of their application. Mr. Hull stated that Mr. Card, as lessee, was to supply the premises and financial backing, while Mr. Smoot would conduct the gambling operation. Mr. Cahill stated there had been no reexamination of the licensing situation in Wells since the time when, for the public interest, the Commission had decided the number of gambling operations should be frozen at the then existing number. The hazards of conducting a gambling operation in Wells were pointed out to Mr. Card and Mr. Smoot.

After discussion, the Board agreed to defer action on the application.

<u>OLD CATHAY CLUB (HARRY CHON) - RENO</u>			

The following record, findings, and conclusions concerning the license of the Old Cathay Club, Harry Chon, licensee, were introduced into the record:

The following is offered the Tax Commission for guidance in analyzing the voluminous transcript of the captioned inquiry. The transcripts and documents speak for themselves.

Board interest in the Old Cathay Club stemmed originally from a denial of a 1956 license to Horace Fong to operate an establishment called the Lido Club, subsequently the Confucius, and now called the Old Cathay. Mr. Fong was to be associated in the original venture with a Bay Area gambler, his god-

father, Young Ah Fook, or more commonly known as Moon Wah, a man recently convicted of income tax evasion in California. Mr. Fong had no gambling experience; Moon Wah was to supply this.

Following the denial, Mr. Fong and Harry Chon, presently licensed, applied for a license. This was again denied by the Tax Commission as to Fong, but without prejudice to Chon.

Thereafter, Mr. Chon applied individually for a keno operation on the basis of a fixed rental lease with Horace Fong. This was subsequently expanded on August 28, 1956 and an unrestricted license for the Lido Club was granted to Chon, who, according to the application was putting \$7,500 into the venture. It is noted that this was separate and distinct from the bar and restaurant which remained as Horace Fong's.

Investigation was initiated into the club's operations on the basis of complaints received that there might be unreported changes of interest.

Pursuant to the investigation a show cause order was issued April 9, 1957 calling for appearance April 16, 1957 at 2 P. M. For cause presented by Mr. Clark Guild, Jr., attorney for the club, this was postponed until April 24, 1957. The show cause order specified five charges: That the licensee -

- (1) Transferred interest to an unlicensed person.
- (2) Made misrepresentations on his application to the Gaming Control Board pertaining to the financial structure of the club.
- (3) Maintained bankroll improperly.
- (4) Permitted concealed interests in the club.
- (5) Conducted the business by unsuitable methods of operation.

At the hearing an agent for the Gaming Control Board and a Reno police officer testified that Harry Chon, the licensee, told them on March 13 that he had hired Fred Down as manager and that Down had hired George Chin over Chon's protest.

The licensee told the agent and officer that he had nothing to say about employment in the business, operation of the business, that he had no idea what his bankroll was from day to day, that he did not have access to the safe, which was controlled by Fred Down who had the combination. Chon told the agent that his advice to Down was ignored, and that he was going to confer with his attorney if certain individuals were not removed from the club and that he would voluntarily close, which he did March 15, 1957.

Present for the closing were the Gaming Control Board agent and the Reno police officer. Fred Down at this time opened the safe and gave Chon about \$7,000 from it which Chon deposited in the bank in the casino account. At this time Chon informed the agent and officer that he had originally in the bankroll \$18,000 (the original application called for \$6,800 bankroll, then \$7,500). Actually, \$20,000 had been put in after borrowing from outside sources, the notes for which were not maintained with the Old Cathay books and were recorded only in a small notebook maintained on Mr. Chon's person.

The Reno police officer testified also that Harry Chon on March 22 had contacted him and asked him to retrieve \$3,500 of the money deposited in the bank by Chon which Fred Down now claimed as his personal money. Down had drawn a check for this on the Old Cathay account three days after he had given the money to Chon after the club was closed.

The auditor for the Gaming Board outlined his findings after an audit of the Old Cathay in conjunction with the Reno officer and the Board agent. He testified that at the beginning of the operation

November 6, 1956, Harry Chon was the signer of checks disbursing funds. Before the end of November the checks were signed by Fred Down. He said also that \$18,000 was placed in the bankroll and that notes representing this money were not recorded.

Mr. Chon testified categorically denying that he told the agent and police officer that he had no control in the club, that he could not hire or fire, that Fred Down would not follow his advice. He said that he discussed one employee, George Chin, with Fred Down, the manager, who might cause trouble from the Gaming Board or the police department, but that Chin was a friend of Down's and that Down would take care of the matter later. He admitted not having the combination to the safe and explained that this was a method of saving the money since he spent it when he was drinking. He said he was in San Francisco about three days of the week, in and out to take care of the grocery store there. He described difficulties in the club as being based on the fact his lease was being cast in doubt by Horace Fong's subleasing to Shew Chee Young, Moon Wah's son, and Fred Down, who were already in the process of assuming the bar and restaurant operation.

Horace Fong testified to having no interest in the Old Cathay. He said he was co-signed on a note to Clyde and Harry Beecher for Chon. He testified that he did not know Shew Chee very well although Shew Chee was the son of his godfather, Moon Wah. George Chin testified that he had no interest in the Old Cathay.

A Reno accountant testified for the licensee. He said that money in the safe was co-mingled; that \$3,500 of it was claimed by Down, who, without Chon's knowledge had drawn a check on the Old Cathay account. Chon admitted not knowing whose money it was and that he would rely on the accountant to determine this.

Fred Down testified that he had no interest in the club and that the \$3,500 was his personal money.

THE BOARD FINDS:

- (1) That the licensee showed there was no transfer of interest in the club although strong doubt surrounded control of the casino.
- (2) That there was no misrepresentation on the licensee's application, but additional funds by loans had been placed in the bankroll after licensing and, contrary to rules, the notes representing these loans were not maintained with casino records, or carried in the records.
- (3) That the licensee did not permit a concealed interest in the casino.
- (4) That the licensee maintained his bankroll improperly and admitted his own incompetence to control it.
- (5) That the licensee conducted the business by unsuitable method of operation.

CONCLUSION OF LAW:

The Board finds that the licensee is an unsuitable person to hold a license, and recommends unanimously that the license be revoked.

It was moved by Mr. Gallagher and passed that the findings of fact and conclusions of law concerning the Old Cathay Club, as entered into the record, be approved.

There being no further business, the meeting adjourned at 12:40 p. m., subject to the call of the chair.

MINUTES OF

NEVADA GAMING CONTROL BOARD

Wednesday, June 26, 1957

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, by Chairman R. E. Cahill, with the following members present:

R. E. Cahill, Chairman
William V. Sinnott, Member
William G. Gallagher, Member

Also present were Mr. E. Frandsen Loomis, Attorney, Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

EL MOROCCO CLUB (OSCAR L. CROZIER, BARNEY MEYERS, RUBEN BULLOCK, JR., OTTO BRUNNER, ORLONDO P. GRADITI, S. L. MARTINEZ, VERNON DALLMAN, JR., JOE PADILLA, AND LOUIS L. HIRSCHORN) - LAS VEGAS

Barney Meyers, Ruben Bullock, Jr., S. L. Martinez, and Oscar L. Crozier, applicants for a license at the El Morocco Club, together with Joseph Hornstein, a prospective applicant, and their attorney, Clark Guild, Jr. appeared before the Board in behalf of their applications. Also present was Mr. Richard Plaut, formerly associated with the old El Morocco Corporation.

Mr. Guild explained the organization, financing, and plan of operation for the proposed limited partnership of the El Morocco.

Both Mr. Crozier and Mr. Plaut were questioned about their past association with the old El Morocco Club organization. Mr. Hornstein was questioned at length concerning his connection with Ted Lewin, Far Eastern gambler and president of the Far Eastern Steamship Company, major owner of the El Morocco Club building, and his future plans in the El Morocco Club operation. Mr. Hornstein admitted he planned to come in as an applicant at a later date and, although he had promoted the organization of the club, his name did not appear on the application because of marital difficulties. Chairman Cahill pointed out that since it was evident Mr. Hornstein intended to be an applicant on this license that in view of his past experience with the Tax Commission, the application should be considered with his name on it. Mr. Hornstein agreed to submit an application at once. It was decided by the Board to hold the application as incomplete.

A verbatim record of the hearing is available in the office of the Gaming Control Board.

SILVER SPUR - CARSON CITY

Attorney Richard Waters, Jr., representing Messrs. Floyd Douglas, M. R. Arnold, and Ray Christian, partners in the Silver Spur, appeared before the Board to report a change in the organization of the club from a partnership to a corporation. Mr. Waters filed with the Board the articles of incorporation and stated that the ownership of the corporation was exactly the same as in the partnership. Mr. Waters' statement was accepted as a matter of record.

CALIFORNIA CLUB (GEORGE CHIN) - RENO

Mr. Chin, with his attorney, Clark Guild, Jr., appeared before the Board in behalf of his application for a license at the California Club. Mr. Guild outlined the proposed plan of operation for the California Club, stating that Mr. Chin would lease the rear of the premises from Fred Down, operator of the bar and restaurant. A discussion was held concerning the past history of the proposed California Club, previously known as the Lido and Old Cathay, as well as Mr. Chin's connection with this club and his activities in the Yukon Club. It was pointed out that the licenses of both the Old Cathay and Yukon had been revoked.

It was moved and passed that the application be denied because of Mr. Chin's past unsuitable operations.

NEVADA GAMING CONTROL BOARD

Tuesday, August 20, 1957

Present: R. E. Cahill, Chairman
William V. Sinnott, Member
William G. Gallagher, Member

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, by Chairman R. E. Cahill.

Also present in addition to the Board were Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

SANS SOUCI CASINO (GEORGE E. MITZEL) - LAS VEGAS

Mr. George E. Mitzel, applicant for a license at the Sans Souci, Las Vegas, appeared before the Board in behalf of his application. Mr. Mitzel presented a history of the Sans Souci property, both hotel and casino, its financing, construction, and corporate structure. Also discussed were plans for the operation of the casino. Mr. Mitzel reported that construction of the casino was almost complete.

After subsequent discussion, the Board agreed to defer action on the application because of questions concerning the financing, sale of stock, Mr. Mitzel's lack of gambling experience, and the incompleteness of the casino construction.

A verbatim transcription of the hearing is available in the office of the Gaming Control Board.

TROPICANA HOTEL - LAS VEGAS

B. Mahlon Brown, attorney for the Tropicana Hotel, appeared before the Board and presented a letter setting forth the progress to date in the Kastel matter. The letter stated in substance that the hotel had been in operation only four months and therefore did not have sufficient accumulated earnings to retire the Kastel indebtedness; that because of an income tax situation Mr. Kastel is unwilling to accept the full balance owed him; and that a notice of levy has been served upon the hotel by the Bureau of Internal Revenue pursuant to which the United States has prior claim to a portion of the money due Mr. Kastel. The idea of setting aside a portion of the unsold capital stock of the corporation for the payment of this indebtedness was favorably received, but unfavorable publicity directed toward the hotel has not been an inducement for present stockholders to increase their investment nor for the sale of the balance of the capital stock.

Mr. Cahill stated that this letter seemed to add nothing new to the situation other than pointing out reasons why the hotel has been unable to sever connections with Mr. Kastel. Mr. Brown was informed that the letter would be presented to the Tax Commission for its consideration.

THE COMSTOCK HOUSE (CLAUD D. FARMER) - VIRGINIA CITY

Mr. Sinnott presented the following report on the Comstock House, Virginia City:

On June 26, 1957, a Gaming Control Board agent observed the dealer in the above club peeking and dealing second cards.

On August 5, 1957, two other Gaming Board agents observed the dealer peek and deal second cards.

On August 8, 1957, a show cause order was served on Claud D. Farmer, the licensee, charging there was operated on the dates specified a cheating game, contrary to the provisions of Section 34 of the Nevada Gaming Control Act of 1955, and that the business was operated by unsuitable method of operation.

A hearing was held on August 15, 1957 in Carson City. Mr. McKissick represented the Board. The three agents testified to their observations.

Mr. Farmer testified in substance that he had worked hard to make the Comstock House successful and the only way he could be recompensed for this would be in the future. He denied any knowledge of a cheating game in his establishment, saying he wished no 21 game to interfere with his ambitions for the establishment. He closed the game on notice of cheating and said he intends to keep it closed.

The dealer testified he had never been told by Mr. Farmer to cheat and denied cheating at the times specified. The dealer's attitude in his testimony did not inspire confidence.

The Board finds that Mr. Farmer did not show cause why his license should not be revoked or suspended. Lack of knowledge of a cheating game on the part of a licensee is no excuse. The total responsibility for casino operation rests on the licensee. There is no reasonable doubt there was cheating in this casino. Mr. Farmer based his presentation on lack of knowledge of this cheating game.

Therefore, the Board recommends that the license of the Comstock House be revoked.

A motion was made, seconded, and carried that the recommendation be adopted.

There being no further business, the meeting adjourned at 12:20 p. m., subject to the call of the chair.

Also present were Mr. David Malcolm, Chief Auditor and Mr. John Stratton, Office Manager.

CLUB "93" (AUGUST DOHRMANN, FAY DOHRMANN, PAUL LAVELLE BARTON, AND JOHN E. WILKINS) - CONTACT

Messrs. August Dohrmann and Paul Barton appeared before the Board in behalf of their application for a slot machine license at the Club "93", Contact. Messrs. Dohrmann and Barton were told that the Board was concerned with the filing of an application by Mr. John Wilkins, since he appeared to have no interest in the club. It was explained that originally the operation was planned as a four-way venture, but that Mr. Wilkins had failed to invest any funds in the enterprise. Under these circumstances, the Board felt that Mr. Wilkins' application could not be considered. Messrs. Dohrmann and Barton were also questioned about their proposed financing for the club.

The Board decided to defer action on the application pending further investigation of the financing of the operation.

SANS SOUCI CASINO (GEORGE E. MITZEL, HAROLD V. HIND, AND EDWARD TOBIN) - LAS VEGAS

Messrs. George E. Mitzel, Harold V. Hind, and Edward Tobin appeared before the Board in behalf of their application for a license at the Sans Souci Casino, Las Vegas. There was considerable discussion concerning public offerings of stock of the Sans Souci, as well as the financing of the casino. The Board expressed the feeling that it did not wish the license to be used to further subscription of stock.

The Board agreed to issue a conditional license, the condition being that there be no public sale of stock, and that any stock subscription be limited to the present stockholders of record.

The following action was taken on applications:

Also present were Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

EL MOROCCO CLUB, LAS VEGAS

Attorney Clark J. Guild, Jr. appeared in behalf of the applicants for a license at the El Morocco Club. Mr. Guild outlined to the Board the terms of a pre-incorporation agreement according to which the applicants agree to form a corporation known as the Markey Corporation and to which Lewis Hirschorn and Joseph Hornstein agree to execute a lease of the El Morocco Club premises in the event a license is granted the applicants. Mr. Guild emphasized that Mr. Hornstein would have no interest in the venture except as a landlord of the premises. Mr. Guild also outlined to the Board the financial situation of the operation. It was brought out that the proposed total investment of \$130,000 was not yet available, but that the remainder, according to the terms of the pre-incorporation agreement, would be paid upon licensing. Discussion also brought out that the application of one of the applicants, Donald Compton, was still incomplete.

A motion was made by the Board and carried that the application of the individuals shown on the application be approved subject to the following conditions: that the contributions of each applicant, as represented on the application, be placed in escrow and that in the event any one of the applicants fails to contribute his proportionate share of the capital or withdraws from the application, that the sum total of \$130,000 must still be met within the group; and that Mr. Compton's approval be separate and apart from the others, conditioned upon clearance of prints and bank confirmation.

PASTIME CLUB (GEORGE C. BOBBITT) - TONOPAH

Attorney William Crowell was requested to appear before the Board to discuss questions concerning the past associations and source of finances of his client, George C. Bobbitt, applicant for a license at the Pastime Club, Tonopah. In order to clarify these matters further, it was decided at this time to grant only a restricted license for eight slot machines and to defer the nonrestricted license.

BRANDING IRON (FRANK A. WIELAND) - RENO

The following report was submitted on the Branding Iron, Frank A. Wieland, licensee:

This investigation was predicated on observations made by a Gaming Control Board agent on routine patrol in Reno on the evening of August 30, 1957. He observed that the dealer, a woman, was second carding, but gave no indication of peeking, implying the cards utilized were tampered with in some way.

Under instruction, on August 31, two agents picked up the cards in the establishment, sealed them in an identified envelope, and brought this evidence to the Gaming Control Board office. (It developed that the dealer had no current Washoe County work permit.)

Examination in the Board's presence, after unsealing the envelope, revealed that the cards were crimped on the corners. The aces, tens, and face cards had a down crimp in the corner; the small cards had an up crimp; all cards were tampered with. They could be read without difficulty.

A show cause order was prepared citing that the Branding Iron operated a cheating game, had in possession a deck of cards tampered with so as to enable them to be used for cheating, and conducted the business by unsuitable method of operation. A hearing was set for September 10 and then reset until September 16 at the request of Clark Guild, Jr., representing the Branding Iron.

A subpoena prepared for the dealer was not served and returned to the Gaming Board marked "not found."

Mr. Springer represented the Board. Testimony from the Board agents during the hearing was as set forth above.

The club presented five witnesses: two of them from Stead Air Force Base, friends of Mr. Wieland, the licensee, and patrons of the establishment; a cocktail waitress; an accountant; and the licensee. The airmen testified to seeing a red headed man playing on August 31st and tampering with the cards by crimping them against the table. One demonstrated this by bending one corner up and one corner down on the same card.

The waitress testified that the licensee on the night in question had asked her did she know the

red headed man who was playing. The licensee told her that the man had won some money and that the licensee thought it looked fishy.

The accountant introduced accounting records covering the period in question showing a loss.

The licensee testified that he saw the red headed man playing on August 31st. He said he saw the dealer and the man talking and the dealer pointing to the cards, after which the red headed man picked up the silver and left without cashing in. The licensee discussed this with the dealer who said the man was "monkeying around" with the deck a little bit. The licensee took no action after this and did not inspect the cards when the player left. He testified that the two Gaming Board agents entered the club and picked up the cards fifteen minutes after the player left. He testified further that the dealer disappeared the night the cards were picked up and was not located by him and is still owed three days' pay.

The Gaming Board finds that the Branding Iron and Frank A. Wieland, licensee, operated a cheating game at the time specified, had in possession a deck of cards tampered with so as to enable them to be used for cheating, and conducted the business by unsuitable method of operation.

Therefore, the Board recommends that the license be revoked.

A motion was made by Mr. Sinnott, seconded and unanimously carried, that the Board recommend to the Commission that the license of the Branding Iron be revoked.

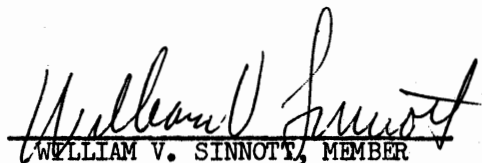

SANS SOUCI, LAS VEGAS

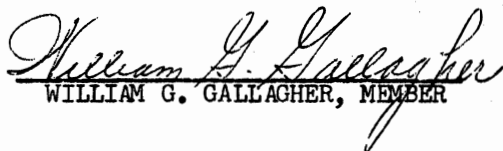

Since the Securities Exchange Commission requires strict adherence to any conditions established by the Gaming Board and Tax Commission, Mr. George E. Mitzel, licensee of the Sans Souci, has requested that the condition imposed at the time of the licensing of the Sans Souci be amended to permit sale of corporate stock to persons who have made loans to the corporation or George E. Mitzel (as per a list of eight people furnished). The condition as originally imposed permitted sale of stock to only stockholders or subscribers of record.

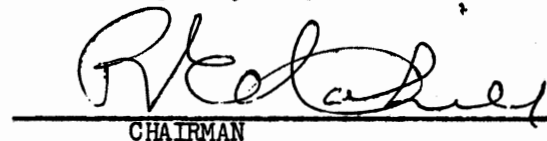

Mr. Gallagher made a motion, which was seconded and unanimously passed, that this amendment be recommended to the Tax Commission for approval.

There being no further business the meeting adjourned at 12:10 p. m., subject to the call of the chair.

ROYAL NEVADA HOTEL (SAM BAKER, T. W. RICHARDSON, EDWARD CHANDLER) - LAS VEGAS

Hotel President T. W. Richardson and his attorney, Thomas Foley, appeared before the Board in behalf of the reinstatement of the Royal Nevada's license. There was a discussion concerning the financing of the hotel and the Board was informed that the hotel now had about the \$300,000 required by the Board to finance the resumption of gambling. The Board, however, indicated it wished to further investigate a proposed \$48,000 loan included in the figure.

Mr. Foley read a letter in which it was pointed out Mr. Sam Baker would obtain an 11% interest for a \$49,500 loan to the casino and would become general manager.

Mr. Richardson said Maurice H. Friedman had resigned and sold his interest in the hotel to him and would have no voice whatever in future operation of the Royal Nevada. He also said that other former employees objectionable to the Board would have no part in the future operation.

The Board also was told creditors of the hotel were in favor of resumption of operation and had agreed to an orderly payment of debts owed by the Royal Nevada.

Following discussion, a motion was made by Mr. Sinnott and carried to recommend the

approval of Sam Baker and the reinstatement of the license subject to the conditions imposed in the suspension recommendation to the Nevada Tax Commission by the Board and representations made before the Board today; and, further, that the license not be issued until all the funds are actually in the hands of the licensees.

A verbatim transcript of the hearing is available in the files of the Gaming Control Board.

FRONTIER PROPERTIES, INC., DBA NEW FRONTIER HOTEL (WARREN BAYLEY, PRESTON S. FOSTER, SHIELDS B. CRAFT, RICHARD B. TAYLOR, DAVID ZENOFF) - LAS VEGAS

Messrs. Warren Bayley and Preston Foster, accompanied by Attorney David Zenoff, appeared before the Board on behalf of their application for a license at the New Frontier Hotel.

Mr. Zenoff explained generally the lease arrangement and provision for placing in escrow the rentals called for in the lease for the benefit of stockholder interests of the old Frontier corporation. Mr. Bayley then outlined his plans for financing the operation, explaining that a recently acquired hotel chain would be a part of the assets of Frontier Properties. After much discussion, it was agreed that a separate corporation would be formed to take care of the hotel chain, the stock of which would be owned by Frontier Properties, Inc. It was also agreed that an amount of money sufficient to cover a two-week payroll would be put in reserve, not to be drawn on without public notice at a Board meeting. Also discussed were opening plans and personnel. Mr. Bayley stated that he was the sole stockholder of

Frontier Properties, Inc., and did not anticipate other interests in the license.

Upon motion duly made the application was approved conditioned upon the separation, to the satisfaction of the Board, of the New and Last Frontier Hotel properties from the other entities involved in Frontier Properties, Inc.; and, secondly, that there be maintained in a special account for the guarantee of employees' wages the sum of \$50,000.00, this amount not to be drawn upon without official public notice being given to the Board.

SENATOR CLUB - GAMES (HARRY E. NICHOLS) - CARSON CITY

Attorney John S. Halley of Reno appeared in behalf of the Senator Club Corporation in connection with the application of Harry E. Nichols for a license at the Senator Club, Carson City. Mr. Halley reviewed for the Board the history of the ownership of the premises of the Senator Club and the lease arrangements between the Senator Club Corporation and the various sublessees of the games, bar, and restaurant on the location. Mr. Halley also outlined the proposed financial arrangements between the corporation and Mr. Nichols.

Since more information was required concerning the applicant, especially as to whether he was employed at the Senator at the time of the revocation of its license, which Mr. Halley was unable to answer, the Board decided to defer the application.

There being no further business, the meeting adjourned at 12:05 p. m., subject to the call of the chair.

MAIN ENTRANCE CLUB, CARSON CITY - PROTEST

Attorney Edward C. Reed, Jr., of Reno, appeared in behalf of the Carson City Nugget to protest the issuance of a license to Daniel A. Deshon and Joe Brown at the Main Entrance Club, Carson City. Mr. Reed's protest was based upon two grounds: (1) that the use of the name "Main Entrance" is highly misleading in that it is indicated to the public that it is the Carson City Nugget which is being protested, since the proposed club is surrounded on three sides by the Nugget; (2) the location cannot be maintained in compliance with the fire codes.

It was the feeling of the Board that this is a matter for civil adjudication and for the local authorities. Therefore, upon motion duly made, seconded, and carried, the application was recommended for approval.

A verbatim transcription of the hearing is available in the office of the Gaming Control Board.

SEASONAL LICENSES

In recommending for approval seasonal applications, Mr. Gallagher offered the following discussion of policy, which was concurred in by the other two Board members:

The similarity of a seasonal to a quarterly renewal license has in a general way occasioned this policy. First, to explain the quarterly renewal license, we refer to the Gaming Act and to an Attorney General's opinion relative to the renewal of a license. In these cases the law provides that the licensee may renew by the payment of the proper fees and the Attorney General has further clarified this by stating that renewal cannot be denied a licensee without cause and due process. A seasonal license does not enjoy this legal status but its position, practically evaluated, is similar and has been maintained under this premise in the past.

Legally, a seasonal license can be evaluated at the beginning of each season as a new license, but an abrupt change in procedure at the opening of a new season would not appear to be completely justified, provided the record of performance during the past season has been acceptable.

However, an approval of seasonal licenses at this time without clarification might carry with it the implication that the same premise will apply to the ensuing season. This would place a burden upon the Gaming Commission which assumes licensing responsibility on July 1st. The Gaming Commission and Control Board should not be hampered by this premise the following season.

For that reason, and in fairness to current seasonal applicants in that they might be properly advised, we believe that this application (Bal Tabarin), being the first seasonal license in this general category to come before us, should be approved.

But, further, that subsequent applications may be evaluated as a new license in accordance with the policies and standards of the Nevada Gaming Commission and Control Board.

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, with the following members present:

William V. Sinnott, Acting Chairman
William G. Gallagher, Member
R. J. Abbaticchio, Jr., Member

Also present were Mr. David Malcolm, Chief Auditor, and Mr. John Stratton, Office Manager.

TAHOE PLAZA, STATELINE - PROTEST

Attorney Paul A. Richards of Reno, representing Mr. Grover C. Dullard, appeared before the board to protest the issuance of a license in its present form to Tahoe Plaza, Inc., Stateline. Mr. Richards contended that his client is entitled to an interest in the proposed operation because of his promotional efforts in bringing the organization together.

Mr. Douglas A. Busey, counsel for Tahoe Plaza, Inc., the applicants for the license explained that at one time Mr. Dullard did represent a group interested in purchasing the Tahoe Palace Club property (now being acquired by Tahoe Plaza, Inc.), but that the plans of this group did not materialize by reason of the failure to exercise the option within the period provided in it. Mr. Busey further stated that Mr. Dullard had never had any connection with the present transaction.

Affidavits setting forth the position of both parties were filed with the Board.

The Board having decided this to be a matter for civil adjudication, upon motion duly made, seconded, and carried, recommended that the application be approved.

CARSON HOT SPRINGS (MILES PETERSON, MICHAEL DEMAS, EDMUND J. ARMANINO) - CARSON CITY

Mr. Emery Graunke, a specialist in real estate appraisals, appeared before the Board to give his opinion of the rental value of Carson Hot Springs. Mr. Graunke stated that considering the fact the restaurant, bar, swimming pool and all equipment, as well as gaming space, is included in the lease, the rent of one thousand dollars a month is reasonable.

NEVADA GAMING CONTROL BOARD

Monday, June 22, 1959

The meeting was called to order at 10 a. m., in the office of the Gaming Control Board, with the following members present:

R. J. Abbaticchio, Jr., Chairman
 William V. Sinnott, Member
 William G. Gallagher, Member

Also present were Mr. David Malcolm, Chief Auditor, Mr. John Stratton, Office Manager, and Mr. Walter C. Wilson, Administrative Secretary of the Nevada Gaming Commission.

GEORGE & TEX'S GATEWAY CLUB (GEORGE S. CANON and C. B. MCNEILL) - JACKPOT

Mr. George S. Canon, accompanied by his attorney, Richard Waters, Jr., appeared in behalf of his application for slot machines at George & Tex's Gateway Club, Jackpot. Mr. Waters reviewed the history of Mr. Canon's gambling experience in Nevada and pointed out that there was no record of any difficulties during Mr. Canon's operation of these establishments. Mr. Waters also outlined the civic enterprises in which Mr. Canon has participated. Mr. Canon was questioned by the Board regarding his past gambling activities in Vallejo, California, his associations with undesirable people, and the facts surrounding his being barred from play in various Nevada gaming clubs.

A verbatim transcription of the hearing is available in the office of the Gaming Control Board.

The Board decided to defer the application for further investigation.

THE WESTERNER CLUB (WILLIAM J. WINEBERG, JOHN C. O'STEEN, THOMAS H. ALLEY, H. O. PEPPLE) - LAS VEGAS

Mr. John C. O'Steen, accompanied by Attorney Ralph Denton and Accountant Don Ashworth, appeared in behalf of the Westerner Club application.

Mr. O'Steen was questioned concerning his original contacts with the organization and plans for personnel in the club. Mr. O'Steen, in response to direct questioning, asserted that neither Mr. Paul Renaldi nor Charles Stevens would be connected with the club in any capacity whatsoever.

A verbatim transcription of the hearing is available in the office of the Gaming Control Board.

Upon motion duly made, seconded, and carried, the application was recommended for approval conditioned upon the representations made by Mr. O'Steen that neither Mr. Paul Renaldi nor Mr. Charles Stevens would have any involvement, financial or otherwise, in the operation.

The meeting recessed at twelve noon until 1 p. m.

The meeting reconvened at 1 p. m. with the same members present.

BONANZA CLUB (GEORGE ARQUILLA and CHARLES L. PHILLIPS, JR.) - NORTH LAS VEGAS

Mr. George Arquilla, accompanied by his accountant, Mr. Don Ashworth, appeared to present his case in behalf of his application for a license at the Bonanza Club, North Las Vegas.

Mr. Sinnott introduced in to the record a letter directed to Mr. Arquilla by the Board dated December 31, 1958 serving notice that continued employment of Mr. Tom Berry by the Westerner Club, (of which Mr. Arquilla was a licensee) would be deemed an unsuitable method of operation. Mr. Sinnott also introduced into the record the Minutes of the Westerner Corporation of September 15, 1958 indicating the election of Mr. Tom Berry as a Director and Treasurer, and Minutes of December 4, 1958 indicating his election as Vice President. Mr. Arquilla was extensively questioned concerning his employment of Mr. Berry at the Westerner Club at a high salary after stating prior to licensing that Mr. Berry would not be employed in the club and also concerning the continued activity of Mr. Berry in the Westerner Club after his receipt of the Gaming Board letter of December 31, 1958.

A verbatim transcription of the hearing is available in the office of the Gaming Control Board.

Upon motion duly made, seconded, and unanimously carried the application was denied, without prejudice however to Mr. Charles L. Phillips, Jr., because of Mr. Arquilla's lack of faith with the Board in his employment of Mr. Tom Berry being fully aware of the Board's feeling in this matter, and, further, following the letter of the Board of December 31, 1958, incidents on file indicate that the separation of Mr. Berry was not as complete as required by the letter.

HURRICANE CAFE (LEE HOSELEY) - NORTH LAS VEGAS

Mr. Gallagher explained that Mr. Lee Hoseley's application for one 21 game at the Hurricane Cafe, North Las Vegas was approved by the Tax Commission on May 18, 1959; that his application, however, was denied by the county. Mr. Hoseley has now refiled his application with the county and has reason to believe it will receive favorable consideration at the June meeting. Since Mr. Hoseley's approval by the State occurred at the end of a quarter, the Board agreed to reinstate his application in order that his approval might extend into the following quarter.

There being no further business, the meeting adjourned at 2:55 p. m., subject to the call of the chair.

CONTACT - NONRESTRICTED GAMING

The following statement of policy was expressed regarding nonrestricted gaming in the Contact area:

"In the past it has been the feeling of both the Gaming Control Board and the Tax Commission that nonrestricted gaming, as opposed to slot machines only, would not be approved in the Contact, Nevada area, a sparsely populated border location, due to the fact that it was considered too remote to be adequately policed. More recently a special deputy sheriff has been stationed there, and enforcement heads have stated that additional deputies will be added if needed.

"Subsequently, the actual point on the Nevada-Idaho stateline at which the several clubs are located was named Jackpot, Nevada; and the Board is presently considering several applications for nonrestricted gaming there.

"It is the Board's present feeling that inasmuch as nonrestricted gaming has been or is presently licensed at McDermitt, Mt. Montgomery Pass, Mountain City, Mesquite, Wendover, Verdi and Topaz Lodge, Nevada, all border towns in a somewhat comparable situation to that

of Jackpot, consistency on a state level would appear to indicate a change in the Board's former policy relative to Contact and Jackpot.

"This statement is made from the standpoint of state licensing only, bearing in mind that the overall consideration of whether it is the desire of local authorities to expand from restricted to nonrestricted gaming in this area can more properly be made by the local authorities themselves."

The meeting recessed at 11:10 a. m.

ZEPHYR COVE, LAKE TAHOE - NONRESTRICTED GAMING

Reference was made to the recent controversy at Zephyr Cove as to whether additional slot machines shall be permitted there in some of the existing clubs and also whether non-restricted gaming will be permitted there. In view of the public interest, the Board made inquiry of various people at that point, the results of which Mr. Gallagher presented. The situation was precipitated by a request for a change in zoning variance which would permit nonrestricted gaming there the present variance permitting the operation of slot machines without limiting the number. Mr. Gallagher reported that the Presbyterian Church, which owns property in the area, is opposed to gaming as a matter of religious principle and because of the deleterious effect it feels it would have on its property. Also opposed to nonrestricted gaming are two organized groups of home owners as well as other individual home owners. Those in favor of the variance change seem to be primarily

1

small business people and those associated with the gambling industry, who feel that gaming has been built up the Lake area and that it would be discriminatory to permit gaming to be confined to the Stateline area and in the hands of a few operators.

As to the Board, the nonrestricted gaming issue at Zephyr Cove is moot at the present time since both the Douglas County Planning Board and the Douglas County Commissioners have unanimously denied the change of variance; and, in addition, the Board has before it only an application for an increase in number of slot machines. The opponents of the variance are concerned only with nonrestricted gaming. It was agreed the results of the survey would be presented to the Gaming Commission.

KENO GAMES

It was mentioned that in recent months the Board has received several complaints concerning disputed keno payments which have entailed lengthy investigative hearings; with the result that the Board now is considering the feasibility of requiring keno operators to install methods which will enable the Board to make a more positive determination as to whether the house or the comple is in the right. The Board expects to have shortly suggestions and possibly requirements in this regard.

There being no further business, the meeting adjourned at 2:15, subject to the call of the chair.

INCOMPLETE APPLICATIONS

The Board stated that it has found it necessary in the interests of more orderly procedure to establish a general policy of not considering at the regular monthly meetings any applications received during the same month. To do so would not allow the Board sufficient time to make necessary investigations.
